Your Guide to the
**Official RSS
Game Club**

What is Ye Old Gamer's Gathering?

Meeting once a week after school, Ye Olde Gamer's Gathering is the official RSS games club. This is a free, friendly and fun way to immerse yourself into awesome games. Our club is open to all students and any type of board game, role playing game or trading card game. Join us and get your adventure started!

What is a Role Playing Game?

RPG stands for role-playing game. In the game club we play TTRPG (tabletop role-playing games) which involve players interacting "in real life" with each other and other physical objects, like dice, books, pen, paper, maps and sometimes small figurines called "miniatures". RPGs cover every sort of genre, and vary from sci-fi to fantasy, take place right here on Earth or are set in distant worlds and far off places. There are RPGs that are based on Avatar the Last Airbender and even Jumanji! You play the role of a character and immerse yourself into their journey with the help and guidance of a master storyteller who keeps the game and the players working towards a common goal or achievement. So if you are looking for a fun escape from everyday blandness, have a cool idea and want to take players into your creation, or you want to be a player in someone else's story, insert yourself into one of our many fun RPG sessions!

What types of RPGs do you play?

Although we have typically focused on playing Dungeons & Dragons, we do not place any limitations on our members. D&D

is a well known and loved RPG, which is why most of our members are drawn to it, but if you are interested in another system, all you need is to find another member who is willing to play with you. At game club, we are all about trying new things and making new friends, so we say lead on!

What is a Trading Card Game?

TGM stands for trading card game. There are several well known TGMs, such as Magic the Gathering (Magic or MTG for short), Keyforge and Pokemon, just to name a few. Although most of our members who are into playing TGMs as their main activity play Magic, we encourage variety, so if there is another TGM that interests you, bring it and find a friend to play with!

What board games do you play?

We play a wide variety of board games, from the traditional to the unconventional. Each week there are a variety of new games to choose from as well as a standard collection of games owned by the school. If you have a board game that you love and would like to share it with us, bring it in and we will play it together!

Do I have to pick just one type of game to play?

No way! We encourage our members to try new things and explore all of our varied choices. Having choices is what game club is all about, well that and having fun while you are here!

Does it cost anything to be a member?

Membership is, and always will be, free. We do require that you agree to and follow our Habits of Crew. Games can become competitive and intense, and we expect every member to always treat others with respect, kindness and empathy.

When and where does the club meet?

We meet every Wednesday after school ends and finish up by 6:30PM. We do occasionally have to cancel our meeting if we do not have enough staff in attendance or for other rare circumstances, such as snow days. If we have to cancel, we will communicate this to our members as early as possible. We start our meetings in the first floor Middle School Crew Space and break out from there into other rooms. We also occasionally use the Commons if it is available. We will let the club know when our meeting location is going to change. Because we meet away from the pick-up area, we require that parents come to our meeting place to pick up their student if they need to leave before 6:30PM. For the safety of our members, we do not allow anyone to leave early, unless one of our staff members receives direct communication from their parents or guardian.
